PEAK METROPOLITAN DISTRICT NO. 2 2025 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

Peak Metropolitan District No. 2 (the "District"), a quasi-municipal corporation was organized by court order on January 23, 2019, recorded on January 25, 2019, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located entirely within the City of Colorado Springs (the "City"), El Paso County Colorado. The District was organized in conjunction with two other related districts, Peak Metropolitan District No. 1, and Peak Metropolitan District No. 3. In accordance with its Consolidated Service Plan, as may be amended from time to time, the District was organized to plan for, design, acquire, construct, install, relocate, redevelop, and finance public improvements.

At an election held on November 6, 2018, the voters approved general obligation indebtedness of \$200,000,000 for street improvements, \$200,000,000 for potable and non-potable water supply, \$200,000,000 for sanitary sewage collection and transmission system, \$200,000,000 for a system of traffic and safety controls and devices, \$200,000,000 for parks and recreation facilities, \$200,000,000 for mosquito control, \$200,000,000 for television relay and translation systems, \$200,000,000 for public transportation system, \$200,000,000 for security services, \$200,000,000 for fire protection, and \$200,000,000 for refinancing debt of the District. The election also approved an annual increase in taxes of \$200,000,000 for general operations and maintenance.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

The District has no employees, and all administrative functions are contracted.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District. Mill levies for debt are capped at 50 mills for commercial districts. Mill levies for operations and maintenance are capped at 10 mills for overlapping districts. The total cap is 60 mills, the method of calculating assessed valuation may cause adjustments in the mill levies.
